

# KOBRA 300 HS-6

CLASSIC LINE HIGH SECURITY SHREDDER  
FOR MEDIUM SIZED OFFICES

Manufacturer: ELCOMAN srl  
Brand: KOBRA  
Model: KOBRA 300 HS-6  
Article Code: 99.660  
EAN Code: 8 026064 996600

|                                              |                                                     |
|----------------------------------------------|-----------------------------------------------------|
| Throat width:                                | 300 mm                                              |
| Shred size:                                  | 0,8 x 5 mm cross cut                                |
| Security level<br>ISO/IEC 21964 (DIN 66399): | P-7 F-3<br>Comply with NSA CSS Specifications 02-01 |
| Paper capacity*<br>(sheets at a time):       | 5-6 sheets (A4 70gr) / 5 sheets (A4 80gr)           |
| Shreddable materials:                        | Paper, Film                                         |
| Waste bag volume:                            | 85 litres                                           |
| Speed**:                                     | 0,08 m/sec                                          |
| Noise level (idle/shredding):                | 58-61 dB(A)                                         |
| Voltage:                                     | 230 Volt                                            |
| Power:                                       | 920 Watt (2 motors per 460 Watt each)               |
| Dimensions (WxDxH):                          | 43 x 31 x 83 cm                                     |
| Weight (net/gross):                          | 38 Kg – PACKAGING: 1 UNIT PER BOX                   |

Datasheet n.77 rev.5

\* Capacity varies based on supply power, weight, quality and grain of paper, operating temperature and blade lubrication.

\*\* Speed calculated at 60 Hz as knife outside diameter x rpm.

## MAIN FEATURES

High security cross cut shredder suitable to shred "Classified" and "Top Secret" documents. Approved by many International Governments and Military Bodies, it's also being used by the US Department of States, the CIA and the National Security Agency. Kobra 300 HS-6 can shred a sheet of paper in about 20.000 microchips which become absolutely unreadable even if special electronic optical microscoped are used. Two heavy duty chain drive system with metal gears and carbon hardened cutting knives operating in conjunction with two motors delivers maximum shredding capacity. Motor thermal protection: 24 hour continuous duty operations without overheating. Energy Smart System for the environmental protection and energy cost saving.

- **Two heavy duty chain drive system** with steel gears "Super Potential Power Unit"
- **Two 24 hour continuous duty motors** without overheating and duty cycles
- **Carbon hardened steel cutting knives**
- **Energy Smart System:** with optical indicators for power saving stand-by mode
- **Start & Stop:** automatic start and stop through electronic eyes with stand-by function
- **Safety Stop:** automatically stops at open door and/or full waste bin
- **Automatic Reverse System** in case of jamming
- **High quality steel cabinet** mounted on casters, easy to empty 85 litre collection bag (capacity of 6.000 sheets in high security cut)

### 24 HOUR CONTINUOUS DUTY MOTOR

Motor thermal protection. Continuous duty shredding, no overheating and no duty cycles.

### SUPER POTENTIAL POWER UNIT

Heavy duty chain drive with steel gears which offer reliability and resistance to wear.

### ENERGY SMART SYSTEM

Power management system with optical indicators for power saving in stand-by mode.

### DOCUMENT TOP SHELF

Document top shelf to save office space (space saving design).

### EXTERNAL AUTOMATIC OILER (ACCU-FLOW)

Automatically lubricates cutting knives during the shredding operation.
