# KOBRA FLEXPACK DESKTOP

Eco-friendly cardboard recycling machine  
Industrial Line

**NEW**

			
Entry height (inch) <b>0.45</b>	Throat (inch) <b>17</b>	Dimensions (inch) <b>25x14.5x13</b>	Continuous duty motor <b>0.8 HP 24h</b>

**KOBRA FLEXPACK Desktop** and **KOBRA FLEXPACK** transform used cardboard boxes into packaging material either as a packing and cushioning material or as a filling material for safe deliveries of any product.

**Do not use plastic packaging anymore!  
Recycle your cardboards.**

- Kobra FlexPack Desktop simultaneously cuts and perforates cardboard to **create high-quality packaging material**. This will help to save costs, time and to protect the environment.
- An **adjustable working width with scale** enables the user to optimize the measure of the packaging material according to the sizes of the boxes. Moreover, it has a large and convenient carton support table ensuring easy operation.
- **Automatically cuts** carton of larger size than entry throat up to 180 lb/hour.
- The unit produces **very low noise level on a 24-hour continuous duty operation** and carries a very high-efficiency motor that can save considerable electrical energy cost. It plugs into a standard 115V outlet.
- **Super Potential Power Unit:** chain drive system with steel gears.
- It stands out for its sturdy and robust Kobra power unit and for its Kobra **high carbon grade steel cutting knives**.
- Easy to lift and carry thanks to the **handles** on both sides.
- **Rubber feets** to ensure a stable and non-slip support.

Easy to use, adjustable working width. Automatically cuts carton of larger size than entry throat.

Chain drive with steel gears.

Flexible high quality packing material from corrugated cardboards.

Pack and protect your objects in the best, safest and cheapest way.
