MAIN FEATURES

Cross-cut shredder equipped with heavy duty chain drive system with metal gears. Carbon hardened steel cutting knives unaffected by staples and clips: high precision design of cutting knives allows high shred loads with low power consumption. Motor thermal protection: 24 hour continuous duty motor without overheating or duty cycles.

Delivered with a built-in integrated Automatic Oiling System that eliminates the need to manually lubricate the unit and ensures maximum reliability, efficiency and capacity. Kobra 300.1 C2 AO is equipped with the Energy Smart System for the environmental protection and energy cost saving: the stand-by mode is activated just after 8 seconds of non-operation.

- **Super Potential Power Unit:** heavy duty chain drive system with steel gears
