

DIGITAL DATA STORAGE DEVICE SHREDDERS

NEW

KOBRA DIGITAL-PRO Digital Shredder

Kobra Digital-Pro is a high-performance, versatile Digital Media Shredder designed for professional environments.

It efficiently destroys Solid State Drives, Smartphones, SIM Cards, Flash Drives, USB Devices, IC Chips, Credit Cards with chips, PC Boards and other digital storage media — combining high level of security, powerful shredding capabilities with enhanced functionality, convenient and ideal for office environments.

KOBRA HDD Hard Disk Drive Shredder

Deleting data isn't enough to completely erase your sensitive data: the hard drive destruction machines deliver maximum protection of data security. The powerful gear system of the KOBRA HDD shredder **can shred hard disk drives into small pieces** to make impossible to retrieve any data.

KOBRA SSD Solid State Drive Shredder Smartphone and SSD high security shredding

KOBRA SSD is an NSA Approved Solid State Drive shredder capable of destroying solid state drives, smartphones, tablets, memory sticks, USB memory devices, pen drives, circuit boards, credit cards, CDs/DVDs/Blu-Rays. Equipped with an exclusive two stage destruction system, it **can shred electronic data holders into sand-like texture particles.**

Kobra DIGITAL-PRO is a high-performance, versatile digital media shredder designed for professional environments.

It efficiently destroys Solid State Drives (also with metal casing), Smartphones, SIM Cards, Flash Drives, USB Devices, IC Chips, Credit Cards with chips, PC Boards and other digital storage media — combining high level of security, powerful shredding capabilities with enhanced functionality, convenient and ideal for office environments.

NEW

- **High-level security shredding** for complete data elimination.
- **Exclusive shredding technology:** utilizing exclusively designed cutting knives manufactured from high grade carbon steel.
- **Compact and functional design**, perfect for office and professional use with the smallest footprint.
- Attractive durable **metal cabinet** and heavy duty casters.
- **Shreds SSDs (also with metal casing), smartphones, SIM cards, USB drives, flash memory, IC chips, Credit Cards with chips, PC Boards, CD/DVD/BD.**
- **Powerful high efficiency motor** for reduced operating costs.
24-hour continuous duty.
- Extremely **low noise level** below 55 dB.
- **Easy-access** with two convenient entry openings through sliding window and a slot for smaller items.
- **LED indicators: clearly show the current status of the machine.**
LED feed guidance system: allows the operator to monitor and control the load on the cutting knives during continuous shredding operation.
- **Safety Stop:** machine automatically stops when the door is opened or waste bin is full.
- **Automatic anti-jamming system.**

Intuitive control panel with LED indicators.
Sliding window for easy access of shreddable material.

The Kobra DIGITAL-PRO is equipped with the "Titan-Colossus" gearmotor drive, specially designed heavy duty cutting knives with unmatched power to shred large quantities of: SSDs (also with metal casings), smartphones, SIM cards, USB drives, flash memory, IC chips, Credit Cards with chips, PC Boards, CD/DVD/BD.

Shredded material detail.

Model	Article Code	Shred Size	Security Level ISO/IEC 21964 (DIN 66399)	Shreddable Material
Kobra DIGITAL-PRO	99.955	4 x 15 mm	Similar to O-3 T-4 E-3	Solid State Drives, Smartphones, SIM Cards, Flash Drives, USB Devices, IC Chips, Credit Cards with chips, PC Boards

Option	Code	Description
Log Management System	LMS	Log Management System allows to scan and automatically store into a computer the barcode serial number of the device being shredded keeping track of day and hour (barcode reader included).

Kobra SSD is a high security shredder equipped with an exclusive two stage of destruction system capable of destroying:

Solid State Drives, Solid State SIM Cards, Flash Drives, Circuit Boards, Enterprise Solid State Drives, Cell Phones, Tablets, USB Pen Drives, USB memory devices, flash memory, IC chips, CPU chips with internal ROM and/or flash memory, CD/DVD/Blu-ray disks*.

** when mixed with other storage devices*

Log Management System is an option.

- **Exclusive shredding technology** with two stages destruction system to pulverize solid state drives.
- **High efficiency motor** can save a considerable electrical energy cost.
- **Kobra SSD has been approved by NSA** and meets the requirements of NSA/CSS Specifications for Solid State Seives destruction.
- **Security Level:** reaches and exceeds NSA/EPL 9-12 reducing shredded material in sand-like texture particles.
- **Special Hepa Air Filtration System:** Kobra SSD is equipped with an integrated internal state-of-the-art HEPA air filtration system to ensure a clean, safe and comfortable operating environment.
- Easy access 240x25 mm **feed port** is designed with a safety brush covering the complete opening for safety and ease of feed operation.
- **Lockable feed hopper cover** prevents unauthorized access to the contents of the hopper once material is fed into the machine.
- **Lighted indicator** displays keep the operator informed of machine's operating status.
- **Safety Stop** for bin access door, air filtration system, access door and feed hopper.
- **Emergency Stop Switch:** stops immediatly all machine functions.

Sand-like texture particles.

Intuitive control panel with LED indicators.

Easy removal and emptying of waste container.

Easy access to cutting units and waste container.

Model	Article Code	Shred Size	Security Level ISO/IEC 21964 (DIN 66399)	Shreddable Material	
Kobra SSD High Security	99.938	Sand-like texture particles.	Similar to O-7 T-7 E-7.	Solid State Drive devices.	

Option	Code	Description	
Log Management System	LMS	Log Management System allows to scan and automatically store into a computer the barcode serial number of the device being shredded keeping track of day and hour (barcode reader included).	

KOBRA HDD

Hard Disk Drive shredder

			
Throat (mm)	Cabinet (liters)	Dimensions (cm)	24 Hour Continuous duty motor
127x30	40	120x84x123	

Kobra Hdd is a Hard Disk Drive shredder data protection compliant capable of destroying:

Hard Drives up to 3.5", LTO, Ultrium Magnetic tapes, CDs, DVDs, Blu-ray Optical Media, Credit and Identity Cards, USB Sticks and Solid State Devices (Phones and PDAs).

Log Management System is an option.

- **Exclusive shredding technology** through high carbon grade steel cutting knives.
- **High efficiency motor** can save a considerable electrical energy cost.
- **24 Hour continuous duty** enables powerful and long operation at a minimum noise level. The new KOBRA HDD produces **very low noise levels** on a 24 hour continuous duty operation, destroying all kind of digital media devices into tiny 40 mm x random strip cut and making retrieval impossible.
- KOBRA HDD power unit - durability and robustness - **can shred up to 280 hard drives per hour.**
- **Touch Screen Panel with LED-FCS System:** KOBRA HDD carries the latest Touch Screen Technology, the most technologically advanced on the market today. Functions are activated by simply touching the panel, the special LED Feeding Control System allows the operator to monitor and control the load on cutting knives during bulk and continuous shredding.
- Bag full **Automatic Stop** with light indicator.
- **Safety Stop** in case of open door / bin removal.
- Easy to move unit thanks to the casters at the bottom of the machine.
- **Emergency Stop Switch:** stops immediatly all machine functions.

Convenient touch-screen panel with LED Feeding Control System.

The Kobra HDD is equipped with the "Titan-Colossus" gearmotor driving, specially designed heavy duty cutting knives with unmatched power to shred large quantities of digital media devices, including: Hard Disk Drives up to 3.5", Solid State Drives (SSD), LTO, Ultrium magnetic tapes, CDs, DVDs, Blu-ray Optical Media, Credit and Identity Cards, USB Sticks and Solid State Devices (Phones and PDAs).

Kobra HDD can be supplied, on request, with the NSA National Security Agency approved Hard Disk degausser.

Model	Article Code	Shred Size	Security Level ISO/IEC 21964 (DIN 66399)	Shreddable Material	
Kobra HDD	99.945	40 mm x random	T-1 E-2 H-3	Hard Disk Drives	
Kobra DEGAUSSER	97.111	Super fast erasing time: 0,1 second (up to 280 HDD per hour). Completely erases digital data on all magnetic media. Data cannot be recovered.		Erasure capacity: 1 x 3.5" HDD or 8 x 2.5" HDD	

Option	Code	Description	Indicated for	
Log Management System (for Kobra HDD)	LMS	Log Management System allows to scan and automatically store into a computer the barcode serial number of the device being shredded keeping track of day and hour (barcode reader included).	Kobra HDD	
Log Management System (for Kobra DEGAUSSER)	LMS-D	Log Management System with one click activates the Kobra Degausser, reads and stores in a database the barcode of the hard disks that are deleted (barcode reader included).	Kobra DEGAUSSER	

CASINO AND GAMING ITEM SHREDDER

NEW

KOBRA GAMBLER Advanced Shredder developed for high security disposal of casino gaming materials

The Kobra GAMBLER ensures **fast,**
easy and compliant destruction of casino and gaming pieces
for **maximum protection against fraud.**

KOBRA GAMBLER

Advanced shredder developed for high security disposal of casino gaming materials

			
Throat (mm)	Cabinet (liters)	Dimensions (cm)	24 Hour Continuous duty motor
160x91	32	63x53x104	

The Kobra GAMBLER is a high performance shredder designed specifically for high security destruction of regulated casino gaming pieces such as dice, chips, gaming tokens and playing cards.

NEW

- The Kobra GAMBLER ensures **fast, easy and compliant destruction** of casino and gaming pieces for **maximum protection against fraud**.
- **Exclusive shredding technology:** specifically designed heavy cutting knives for extraordinary market leading performance and durability.
- **Compact design:** ideal for locations where space is at a premium.
- **Energy saving, high performance motor:** saves energy costs with optimal performance.
- **Easy and convenient operation** with one slide clear window throat and one slot for smaller items.
- **LED display** for real-time status updates.
- **Automatic Safety Stop** in case of bag full or door open.
- **Automatic anti-jamming system.**

Touch-screen operating panel: controls are activated by simply touching the intuitive control panel with LED indicators.

The Kobra GAMBLER is equipped with the "Titan-Colossus" gearmotor drive, specially designed heavy duty cutting knives with unmatched power to shred large quantities of casino gaming pieces such as dice, chips, gaming tokens and playing cards.

Shredded material samples:
12,5 x 20 mm dices and plastic chips shreds
12,5 x 20-88 mm playing cards shreds

Model	Article Code	Shreddable Material and Shred Size	
Kobra GAMBLER	99.956	12,5 x 20 mm Casino chips, Gaming tokens. 12,5 x 20-88 mm Playing cards (depending on the amount shredded).
